About

Miss Bee is a premium Colombian brand of hair accessories for girls, with original designs inspired by childhood innocence and the enchantment of Colombian flowers.

All our products are handcrafted with care, attention to detail, and excellent quality materials, but more importantly, they are designed and created from the heart. Our accessories are 100% handmade by Colombian female artisans who infuse dedication, commitment, and affection into each process, resulting in a final product that meets high-quality standards.

Our brand aims to thrill and connect with girls all over the world, through vibrant colors, beautiful designs, and nice messages that promote empowerment and friendship. The lovely little bee, Miss Bee, is the main character of our brand and introduces us, along with her friends, to a beautiful garden full of handmade flowers.

We are inspired by the stories of thousands of moms who remember their childhood with joy and nostalgia, and who enjoy transmitting all the sensations and emotions experienced to the next generations of girls to create a positive cycle in the years to come.

SOCIAL SUSTAINABILITY

At Miss Bee, we provide employment opportunities for skilled female artisans who specialize in carefully crafting each flower in our exquisite garden. They are passionate mothers who have discovered in Miss Bee a platform to utilize, nurture, and refine their manual skills, which gives them a sense of autonomy and self-confidence.

By providing employment to these women, we contribute to their economic well-being enabling them to have stable incomes and improve their quality of life.
